CLINICAL RESIDENCY
Presented by Prof. Paulo Malo and the MALO CLINIC Clinical Team

SYNOPSIS

MALO CLINIC Education has created an observation program where the participant follows the daily work and surgical schedule of Prof. Paulo Malo and the MALO CLINIC Clinical Team.

Our Clinical Residencies are typically for much smaller groups of participants with a lot more focus on the daily work of the clinic rather than on lectures and pure training programs. The participant can observe surgeries or other treatments, or follow the surgical procedures via CCTV. The program may include the MALO CLINIC Protocol (All-on-4® surgical protocol + MALO CLINIC Bridge), immediate function single and partial, and fixed prosthodontics, as well as other procedures of the various specialties of dentistry.

We share with you theoretical information not only concerning the All-on-4® surgical protocol but also Considerations on Imaging, NobelGuide® and MALO CLINIC Bridge.

COURSE OVERVIEW

• All day live surgery and live rehabilitation with fixed prosthesis
• Access to different treatments performed at the clinic

PARTICIPANTS

Professionals experienced in implant dentistry
Minimum Number of participants: 3 Dentists
Maximum Number of participants: 6 Dentists

COURSE DURATION

3 days

AVAILABLE DATES

09 - 11 March 2017
18 - 20 May 2017
13 - 15 July 2017
21 - 23 September 2017
02 - 04 November 2017

We may arrange other dates, please contact us at education@maloclinics.com

Course Fee: 5850 Euros

We give special conditions to participants who have already attended other MALO CLINIC Education trainings, and Nobel Biocare customers might benefit from special registration conditions, please contact us for more information or your Nobel Biocare local sales representative.
CLINICAL RESIDENCY
Re-program yourself!

The purpose of this program is to share with dental professionals the new techniques developed by MALO CLINIC in implantology and prosthodontics. Throughout the Clinical Residency you are welcome to follow the clinical work taking place at MALO CLINIC Lisbon. Total Rehabilitation, partial, single and fixed Prosthodontics are the ingredients of this special program.

We will share with you theoretical information concerning not only the All-on-4® surgical protocol but also NobelGuide®, Imagiological Considerations and MALO CLINIC Bridge. Most important, you will be able to see live surgeries on a daily basis which will be preceded by discussions on treatment planning since the patient’s first visit.

BASIC COURSE OUTLINE

Lecturers: Prof. Paulo Malo and the MALO CLINIC Clinical Team

3/5 DAYS – Clinical Residency

MALO CLINIC Clinical Team will try to adapt whenever possible the clinical residency program to the participants’ interests. Please take in consideration that the program is always dependent on the clinical and laboratorial departments’ schedules, patients’ authorization and coordination of the interests of all residents’.

All Clinical Residency participants should fill in the Clinical Residency Interests form.
