ZYGOMA CLINICAL RESIDENCY PROGRAM
– HIGH SKILLED & ZYGOMA REHABILITATION
REHABILITATING SEVERELY ATROPHIC MAXILLA WITH THE MALO CLINIC PROTOCOL

Presented by Dr. Armando Lopes, Prof. Paulo Malo and the MALO CLINIC Clinical Team

COURSE OVERVIEW

- Re-thinking oral rehabilitation – Solutions for Rehabilitating Atrophic Maxilla Cases (High Skilled & Zygoma)
- Patient selection and treatment planning – Indication for Zygomatic Implants & Pre-operative Patient Assessment
- How to manage possible Zygoma cases complications
- The esthetic possibilities of All-on-4® Protocol - Prosthetic Rehabilitation of Zygoma cases
- Following Live Surgical Procedures including Live Zygoma case(s) at the Operating rooms
- Zygoma Hands-on Sessions

PARTICIPANTS

Professionals experienced in implant dentistry
Minimum Number of participants: 3 Surgeons
Maximum Number of participants: 6 Surgeons

AVAILABLE DATES

January 18-19, 2019 | April 05-06, 2019
July 19-20, 2019 | October 25-26, 2019

PROGRAM DURATION & COURSE FEE

2 Days | 6.650 Euros

We give special conditions to participants who have already attended other MALO CLINIC Education trainings, and Nobel Biocare costumers might benefit from special registration conditions, please contact us for more information or your Nobel Biocare local sales representative.
SYNOPSIS

Designed for smaller groups, this observation program will allow you to follow in detail the daily work and surgical schedule of MALO CLINIC Clinical team with a key focus on high skilled cases as well as on the combination of the All-on-4® surgical protocol with the use of zygoma implants; for severely atrophic maxillae, this procedure is complemented with extra-maxillary anchored implants - Hybrid and Double-Zygoma approaches - which treatment planning and placement will be covered in detail during this training session.

Pioneered by Prof. Paulo Malo in the early 90’s, the All-on-4® protocol is an innovative surgical procedure for the rehabilitation of edentulous jaws focusing entirely on the patient and allowing you to offer immediate function and excellent esthetics with a limited number of implants, eliminating the need for time consuming and often debilitating bone graft procedures.

During this program not only will you get the chance to follow several different procedures at the operating room including live zygoma surgery, as you will also have the opportunity to extensively discuss the All-on-4® protocol Hybrid and Double-Zygoma approaches with our clinical team that will take you through all the relevant aspects, from patient selection to treatment planning, and anatomic and imaging considerations, all the way through to the fitting of the immediate and final prostheses.

These approaches will also both be covered at a hands-on session. The Zygoma Clinical Residency Program will allow you to gain the skills and know-how to successfully rehabilitate severely resorbed maxillae in just a few hours using the MALO CLINIC Protocol and is complemented by a mentorship program to support you on your first cases. We also encourage you to bring your own cases for discussion and treatment planning.

BASIC COURSE OUTLINE

Lecturers: Dr. Armando Lopes, Prof. Paulo Malo and the MALO CLINIC Clinical Team

Surgery/Appointments scheduled at MALO CLINIC are dependent on the patient. The program may have to be adjusted, should a patient be delayed or re-scheduled the appointment. MALO CLINIC Education reserves the right to make other changes to it without prior notice.

* AT LEAST 2 ALL-ON-4 SURGERIES WILL BE PERFORMED DURING THE RESIDENCY (ONE STANDARD CASE, AND ONE HYBRID OR DOUBLE-ZYGOMA CASE – ZYGOMA ANCHORED IMPLANTS).
Please take into consideration that the program is always dependent on the clinical and laboratorial departments’ schedules patients’ authorization.

Surgeries scheduled at MALO CLINIC are dependent on the patient. The program may have to be adjusted, should a patient be delayed or re-scheduled the appointment. MALO CLINIC Education reserves the right to make other changes to it without prior notice.

It is strictly forbidden to photograph or record during MALO CLINIC Education Courses or Clinical Residencies.

MALO CLINIC Clinical Team: Paulo Malo, DDS, PhD; Abílio Fernandes, DDS; Ana Ferro, DDS; Ana Maria Machado, DDS; Ana Teresa Oliveira, DDS; André Costa, DDS; Andrea Rodrigues, DDS; Armando Lopes, DDS; MSc; Bruno Queridinha, DDS; Carla Madureira,DDS; Carlos Moura Guedes, DDS; Filipa Gonçalves, DDS; Filipa Roque, DDS; Inês Caldeira Fernandes, DDS, PhD; Inês Gravito, DDS; Inês Vaz,DDS,PhD Inês Murteira, DDS; João Henriques, DDS; João Martins, DDS; João Moura,DDS; João Rangel,DDS João Botto, DDS; Joana Neves, DDS; Luís Fernandes, DDS; Maria Krydya, DDS; Mariana Alves,DDS; Mariana Nunes, DDS; Miguel Gouveia, DDS; Miguel Nobre, DH, MSc; Pedro Estêvão, DDS; Raquel Medeiros,DDS,Rita.B.Ramos,DDS,Rodrigo Gonzalez, DDS; Sara Saldanha,DDS; Tiago Estêvão, DDS; Tiago Ramos, DDS; Tiago Garamelo, DDS; Vera Janeiro, DDS.
The Zygoma Clinical Residency Program is a special program where, in general terms, participants will be able to follow live surgeries in the operating rooms, directly interacting with the clinical team. Other clinical appointments might also be seen on request (this is established based on this interest form and valid only for the morning periods. Please note that the interests of all the participants need to be coordinated along with the clinical schedule). Lectures will take place during afternoons.

Which areas would you like to hear and see more about?

- Surgery
- Prosthetics
  - Implant fixed rehabilitation
  - Teeth fixed rehabilitation
- Imagiology
- Laboratory Techniques
- Organisation & Logistics in the Operating Theatres
- Dentistry
- Implant Maintenance
- Endodontics
- Orthodontics
- Periodontology

More details:

Have you already attended a course at MALO CLINIC Education?

☐ Yes, I have attended the following courses:

<table>
